St. Ignatius is now using "Ministry Scheduling Pro" software to schedule all of our liturgical ministries, including altar servers. Once your child is put on the official list, you will receive an e-mail giving you a username and password to access our system. From then on, you will be able to view the monthly schedule, edit your child's profile and request schedule changes as needed.

New altar servers will be added to the schedule in January. Please remember to have them at the church 15 minutes prior to Mass time. They are to report to the sacristy and sign-in with Ms. Sheila. Please sign below indicating that your child has completed the training program and understands the importance of this commitment. Thank you!
